

TERMS OF WARRANTY

1) GENERAL LIABILITY

In lieu of any warranty, condition or liability implied by law, the liability of Davis & Shirliff (hereafter called the Company) in respect of any defect or failure of equipment supplied or for any loss, injury or damage attributable thereto **is limited to making good by replacement or repair** (at the Company's discretion) defects which under proper use appear therein and arise solely from faulty design, materials or workmanship within a specified period. This period commences after the equipment has been dispatched or, if applicable, installed by the Company and at its termination all liability ceases.

This warranty applies solely to equipment supplied or work carried out by the Company and **no claim for consequential damages**, however arising, will be entertained. Also, the warranty specifically excludes defects caused by fair wear and tear, the effects of careless handling, lack of maintenance, faulty installation, and incompetence on the part of the equipment user, acts of God or any other cause beyond the Company's reasonable control. Also, any repair or attempt at repair carried out by any other party **invalidates all warranties**.

2) NEW EQUIPMENT

2.1 General Terms

Standard warranty period for all the brands (hereafter called the named products) is as detailed in the schedule below, subject to the specific terms detailed in clause 2.2.

NOTE:

- **Consumables e.g., cartridges are not covered by Warranty.**
- **Components making up the plant or system are covered individually under the specific item's warranty terms.**
- **Warranty will not be honoured for any equipment that fails within the warranty period where all or some of the payment remains due.**

MODEL	PRODUCT DESCRIPTION	D&S WARRANTY PERIOD (Years)	FULL WARRANTY (Years)	50% WARRANTY (Years)
DAYLIFF SOLAR	Solar Modules	25	10	15
	Future Pumps (SF2 and SE1)	10	5	5
DAYLIFF SOLAR & VESSELS	SunTower & Solar Structure	5	3	2
	Solar water heaters: UFD, UFS, UFX, UVT, UVR, CWS, HPW	5	3	2
	GWS Vessels (diaphragm), Dayliff Polyglas Tanks (up to 16")	5	3	2
	GRP Filters: CX and DX			
HUNTER	Sprinklers & Rotors	5	3	2
DAYLIFF PUMPS & CONTROLLERS	Pumps: DS, DIN, DB, DDC, DDP, DHF, DDJ, DE, DMS, DZ	3	2	1
	Motors: DSM, Bareshaft Controllers: Dayliff & Italtecnica switches & controllers			
DAYLIFF WATER TREATMENT	Dayliff & Pentair Composite Tanks (18" -63" tanks), Klorman	3	2	1
DAYLIFF BOREHOLE	PVC Borehole pipes, Submersible cable, Sunverter	3	2	1
PEDROLLO	Pumps, Motors, Controllers & Accessories	3	2	1
DAB PUMPS	Pumps & Tesla Motors	3	2	1
KOHLER	Engines: KD, KDI	3	2	1

DAYLIFF PUMPS, CONTROLLERS & VESSELS	Pumps: DBH, DBE, DDC(E), DDP(E), DDW, DDG, DDS, DDF, DDA, DSD, DSP, D3SP, DSS, DDV, DDF, DQ, DDT, DHF, DFP, DWY, DWX, DWW, DWV, DWC, Aquasmart 45, Afridev, Circ16, India MkII, Moneymaker Motors: DSD	2	1	1
	Controllers: Trevitech, SCT/M, AVS, Assembled Panels, Dayliff Pump Controller, Standard Control Panels and Dayliff Pumpverters	2	1	1
	Dayliff Varem & GWS bladder type vessels	2	1	1
DAYLIFF POOL	Dayliff DPL/DPX Pumps, Heat Pumps, PoolChlor, Pool equipment and accessories, Steam and Sauna, Dayliff Pool Solar Panels, Suncommand, Dayliff & IPP lights, Dayliff Jacuzzi Spa, and Fountain Jets and Lights	2	1	1
	Certikin & Midas Pool equipment and accessories	2	1	1
DAYLIFF GENERATORS	DGK, DGY, DGC, DGJ, DGP, DGD, DLY	2	1	1
DAYLIFF WATER TREATMENT	Dayliff & Atlas Filtri RO & Softeners, Seko, Mixtron & Dosatron pumps, Dayliff & Mapro blowers, Hach Equipment	2	1	1
DAYLIFF SOLAR	Huawei, Opti & Victron Inverters & Charge Controllers, Growatt, Batteries, Lorentz pumps, DDPS, DPSolar, Sunflo (A, B, S, X), Sunfridge, Sunflex & Solar Controllers	2	1	1
DAVEY	All Pumps	2	1	1
GRUNDFOS	Pumps: SP, CR, CM, AP, UP, SE1, UPS, DDE, DDC Accessories: CUE, MP204, RSI	2	1	1
DAYLIFF IRRIGATION	Hunter Controllers & Accessories, Dayliff Irrigation Accessories	2	1	1
DAYLIFF PAYGO	Pumps & Equipment	2	2	0
DAYLIFF ENGINE PUMP, GENERATORS & POWER TOOLS	Engine Pumps: DC, DCT, DCX, DCI, Pressure Washers Generators: DG, DG-D, DGW, Mower-P, Mower-S, Multi-4 Engines: DOB, DLA, DLV Tools: Trimmers	1	1	0
OTHER DAYLIFF & BIOLIFF	Izzy & Vispra Inverters, Street lights, Pathway lights	1	1	0
	Sita Purifiers & Lamps, SoSafe products, SBR System, Ecorock, Biopure, Enpure System & WWTP	1	1	0
	Drytek, Express, Smart 2	1	1	0
	Dayliff valves, Dayliff water meters	1	1	0
GRUNDFOS	SQ, SQF and SP motors	1	1	0
DAVEY	Chlorinators, Testers, and accessories	1	1	0
DAYLIFF ECONO ENGINE PUMP, GENERATORS	DC(Econo), DG(Econo)	6 months	6 months	0

2.2 Specific Terms

The warranty on equipment installed by others is conditional upon the defective unit being promptly returned free to D&S Workshop and collected thereafter when repaired. No element of site repair is included in the warranty and any site attendance costs will be payable in full at standard charge out rates.

3) CONTRIBUTORY WARRANTY

If equipment failure occurs in the normal course of service having been competently installed and when operating within its specified duty limits, warranty will be provided as detailed in the table under section 2.1 above. For items falling under the section marked 'full warranty', D&S will repair or replace the failed equipment at no cost to the customer. Customers will however be required to make a 50% contribution for repair or replacement of all equipment failures outside this window but within the overall warranty period. Reference pricing is the prevailing Davis & Shirtliff Market price at the time of making the claim.

Exclusions and additional details: -

a) **PV Modules**

Up to Ten years

- Panel will be replaced **at no charge** based on quality issues Including Frame, Cable, and Junction Box.

Up to Twenty-Five years

- Panel will be replaced **at 50% of prevailing price** based on 80% of power output of solar panel.

Note:

- Breakages of panels during transportation and installation is not covered on warranty.
- Damage of junction boxes due to either wrong wiring or lightning is not covered on warranty.

b) **Dayliff Reverse Osmosis (BRO/DRO) and Dayliff Ultrafiltration (BUF/DUF) Plants**

Standard warranty on Dayliff RO Plants and Dayliff UF Plants is one year from the invoice date. An operator's log must be produced at the point of lodging the claim demonstrating regular use of Dayliff Antiscalant Chemicals as proof of proper plant operations. Davis & Shirtliff will not bear any warranty cost obligation arising from the use of chemicals other than those specified during plant design or because of improper plant operations.

c) **Solar Structure and SunTower**

Standard five year guarantee to cover material defects subject to the solar structure caveats and environmental (no chemical or biological effects) conditions and a one year warranty on workmanship. Below conditions apply.

- For wind speeds above 30m/s, Client to provide wind breakers.
- Solar structure design assumes a fairly flat ground and where the installation area has a steep gradient, the Client will be required to make arrangements for levelling the ground.

d) **Engines and Generators**

Standard Warranty on fixed speed Engines and Generators is two years or 1,200 running hours (whichever comes first) from the invoice date. However, for the Outboard Engines the warranty period is 1 year or 1,000 running hours (whichever comes first) from the invoice date. A **maintenance chart** must be produced at the point of lodging the claim as a proof of proper maintenance routine. Davis and Shirtliff will not bear any cost obligation resulting from incorrect mounting or storage according to the standard Mounting, Maintenance & Operation Manual.

e) **Dayliff Pump Sets and Water Treatment Plants**

Warranty will be applied on the individual components.

f) **Electric Motors**

Standard warranty on new electric motors is as detailed by model in table 2.1 above, whether being part of a named product or not, though since motors can fail due to many factors beyond the Company's control, any warranty is conditional upon the following: -

- The motor is provided with an approved control panel, including an appropriate electro-magnetic starter with correctly rated overload, for all three phase installations and high current cut-out for single phase installations. In addition, for all three phase submersible borehole installations, a high and low voltage plus phase control relay must be provided.
- For submersible motors above 7.5kW, warranty will be conditional upon the equipment being fitted with a monitoring & communication device – iDayliff, MP204 or equivalent.
- The pump and control panel are permanently installed with fixed electrical connections. Any installations involving temporary connections will not be covered by the warranty.
- No claim will be entertained when there is evidence that a motor has operated with electricity supply beyond the manufacturers' specified limits and tolerances for frequency, voltage and phase symmetry, nor when there is evidence of incorrect connection to the power supply.
- Where the named product carries a shorter warranty period than two years, the warranty on the motor will be equivalent to that of the named product.

g) Water Pumps

Most pumps supplied are designed specifically for applications involving clean, cold (up to 30°C) water. **No warranty** will be provided against wear and subsequent damage if the pumped water **does not conform to this condition** unless the pump has been specified by the Company or the manufacturer.

As all pumps are water lubricated **serious damage** can occur if they are run without water. For this reason, the Company specifically excludes itself from any warranty claims where there is evidence that damage to the pump has been caused by running dry or other damage resulting from installation conditions not approved by the manufacturer.

h) Theft of Equipment

Equipment stolen from site during or after installation will not be covered under warranty. Clients will be expected to offer security during and after installation.

4) EQUIPMENT REPAIRS

Standard warranty period for all repaired equipment is **three months** from date of collection or installation by the Company provided the warranty claim is attributable to a defect in any spare part fitted during repair. Failures caused by defects in components not repaired are specifically excluded. Also, due to the fact that failure can be caused by many factors beyond the Company's control, the warranty period on re-wound motors is limited to **one month** when equipment re-installation is carried out by the Company and **no warranty** will be given on re-wound motors when re-installed by others.

5) NEW INSTALLATIONS

Standard warranty period for all new installations is **six months** from date of commissioning excluding the named products (if applicable) to which their standard warranty (see Clause 2) is applicable. During the warranty period defects caused by faulty design, materials or workmanship will be rectified at no charge, though if the Company is called to site to rectify a defect which on investigation is caused by faulty operation, lack of maintenance or general carelessness, all charges for labour, transport and materials used will be payable in full at the Company's standard rates. Upon lapsing of the 6-month period, labour and transport charges will apply for all subsequent warranty repairs or replacement at the standard Davis & Shirliff chargeout rates.

6) PROOF OF PURCHASE

Proof of purchase in the form of the original invoice is required to be shown before Warranty repair or replacement is approved.
