Statement Regarding Fire at Group Headquarters: The operations at Davis & Shirtliff have not been affected and normal business continues uninterrupted

Davis & Shirtliff, the leading water and energy solutions provider would like to issue this statement regarding the occurrence of a fire on April 15, 2021 at 01:00 at part of the building adjacent to a Retread factory that was the source of the fire. Davis & Shirtliff would like to offer its sincerest thoughts to our neighbouring businesses, their customers, partner companies, relevant authorities and all those involved for the trouble the fire caused.

Fortunately, there was no loss of life or injury to anyone during the incident. Furthermore, there has been minimal damage to D&S property, and Davis & Shirtliff would like to inform all its customers and partners that operations are running as usual with no interruptions.

In addition, Davis & Shirtliff would like to express gratitude to the Fire Department and all those who assisted in the extinguishing the fire.

Davis & Shirtliff will continue to strive for the safety of all its employees, partners and the community and will work with neighbouring businesses to institute measures to prevent a reoccurrence of this most unfortunate incident.
