

FLOORKLENE

Commercial Floor Cleaner

Brush

Pads

The Dayliff FloorKlene is an efficient, battery-powered, self-propelled walk-behind floor cleaner ideal for cleaning large floor areas in locations such as hotels, offices, shopping malls, hospitals, educational institutions, factories and warehouses. It employs a two-stage operation, the first stage being rotational cleaning with soaped water using either brush or a pad, the second stage being water removal with a vacuum powered rubber squeegee leaving floors dry and safe to use in a single pass. Water removed is stored in an integral tank for easy discharge. Units are supplied complete with all accessories including batteries, battery charger one brush and a pad holder. The brushes can be applied for ingrain dirt removal and pads for floor polishing. Key features include:

- High efficiency brushless motors with soft start feature for enhanced performance and extended battery run time.
- User-Friendly easy controls for comfortable cleaning experience.
- Battery Voltage Display showing battery charge status
- Large recovery tank opening and tool-free disassembly for ease of maintenance
- Anti-rust Aluminum brush deck and squeegee frame for durability.
- Extra Pressure pedal for difficult to clean floor types.
- Low noise operation <65.8dBA.
- Automatic float shut-off system that turns off the vacuum pump when the recovery tank is full.
- Patented Brush Adapter that allows quick and secure brush attachment

The Dayliff FloorKlene delivers highly efficient and effective one-pass floor cleaning performance and is the ideal solution for all large open floor areas where the highest standard of hygiene is demanded.

EQUIPMENT SPECIFICATION

Squeegee Width (mm)	760
Scrubbing Width (mm)	530
Solution Tank Capacity (L)	50
Recovery Tank Capacity (L)	45
Voltage (V)	24
Battery Capacity (Ah)	2 x 100
Brush Motor Rated Power (W)	550

Vacuum Motor Rated Power (W)	250
Brush Speed (rpm)	180
Vacuum Power (kPa)	10.35
Sound Level at 1.5m (dBA)	<65.8
Battery Compartment Size (L x W x H) mm	340 x 340 x 230
Machine Size (L x W x H) mm	1228 x 540 x 1058
Gross Weight (kg)	220
